

Fiscal Year 2023 Budget

Fiscal year 2022 has continued to be a year of flexibility and changes for Ranger College. While we are still managing the changes related to Covid-19, we have also seen changes to the College's leadership. The modifications we implemented from the Covid-19 pandemic have improved our systems and ability to work together to achieve our goals. One of our biggest challenges continues to be the operation of our college in this vastly enhanced digital world.

In this fiscal year, considerable attention has been placed on compliance with federal and state guidelines related to the Covid-19 pandemic and providing a safe environment and quality instruction for our students. Federal Covid-19 grants have funded over $\$ 3,111,000$ in student aid and over $\$ 3,000,000$ in various institutional expenses that include adding zoom rooms and improving computer labs on all campuses, adding instructional supplies used in math and science courses, additional labs to be able to effectively socially distance our students, and additional safety and security measures. Additionally, we were able to upgrade laptops for employees, provide online professional development for faculty and staff, and purchase PPE for students and employees.

As we move into the next fiscal year, we can anticipate that we will continue to be challenged with everchanging opportunities to problem solve. Ranger College exits to provide a safe and quality learning environment for our students and staff. By upgrading our learning management systems, improving communication and advising to potential, new, and returning students, and offering in-person instruction as well as a healthy list of online courses, we can feel confident in continuing to offer our students a safe and robust learning opportunity.

While enrollment for Fall 2022 started off slow it has continued to gain students over the past few weeks. Even with this recent increase in enrollment, our final numbers are projected to be similar to Fall 2021.

With enrollment projections consistent for the fall 2022 semester, revenues for the College remain challenging. Because revenues from property taxes account for only 3\% of the College's total revenue, Ranger College must rely on tuition and fees for a third of its revenue. For your comparison, other community colleges receive $45 \%$ of their funding through property taxes and only $25 \%$ are maintained through tuition and fees. State Appropriations continue to account for approximately 20\% of the Ranger College total revenue.

Budgeted expenditures for fiscal year 2023 are focused on maintaining current operations within available resources. Key budget initiatives include:

- Startup costs for implementing our Quality Enhancement Plan (QEP) that will be reviewed by SACSCOC during our decennial accreditation review.
- Continuing resources for expanding dual credit enrollment to bring college success at the high school level.
- Increased personnel for the expanding needs to support the College's technology at all campuses.
- Increased institutional advancement to generate additional funds for the College.
- Increased expenditures related increased costs due to current economy.

Following are comparative revenue and expense budgets, showing changes between the amended FY 2022 budgets and proposed FY 2023 budgets.

## Ranger College <br> Fiscal Year 2023 Revenue Budget by Funding Source
