

Application for Admission Ranger College

THE VOCATIONAL NURSING PROGRAM HAS RESTRICTED ADMISSIONS
Contact the VN Program secretary for an application packet.

Semester to Enter
Ranger College:

Fall Spring Summer I Summer II Year _____

Please PRINT legibly

1. Social Security Number _____ - _____ - _____

2. Name _____
Last First Middle

3. Other names: _____
Please list maiden or other name(s) under which your academic records may be found.

4. Permanent Mailing Address _____
Street / Route / PO Box / Apt #

_____ City State Zip County

5. How long have you resided at the above address? _____ Years _____ Months

6. If #5 is less than 1 year, have you resided in Texas in the preceding 12 months? Yes No

If yes, at what address? _____

7. Residence Status Texas Resident Out of State _____ Foreign _____
(State) (Country)

8. Are you a US Citizen: Yes No

Oath of Residency: I understand that information submitted herein will be relied upon by college officials to determine my status for admission and residency eligibility. By signing this application I authorize the college to verify the information I have provided. I also agree to notify the proper officials of the institution of any change in the information provided.

9. Date of Birth (MM/DD/YYYY) _____

10. Sex Male Female

11. Ethnic Origin White, Non-Hispanic (1) Hispanic (3) American Indian or Alaskan Native (5)
 Black, Non-Hispanic (2) Asian or Pacific Islander (4) International (6)

Note: Response to #11 is *optional* and will only be used in a nondiscriminatory manner consistent with applicable civil rights laws.

12. Student Contact Information Home Phone _____ Cell Phone _____

E-Mail Address _____

Emergency contact: Name _____ Phone _____

Relationship to student: _____

13. Method of Admission:

- High School Graduate
- GED Certified
- Transient (enrolled and/or returning to another institution)
- College Transfer
- Early Admissions Program
- Individual Approval _____
(Must be signed by Director of Admissions)

14. Classification during this enrollment:

- Freshman (0-29 hrs)
- Sophomore (30 to 72 hrs)
- Unclassified (over 72 hrs with no degree)
- Have Associate Degree
- Have Baccalaureate or above

15. Highest Degree or Diploma Held:

- High School Graduate
- Associate Degree
- Bachelor Degree
- Certificate of Completion
- None
- Other _____

16. Program or intended major _____

17. Primary site of attendance:

- Ranger
- Early Center
- Brownwood Cosmetology
- High School/Dual Credit
- Comanche Center
- Internet Only

18. Primary goal while at Ranger College:

- Earn an Associate degree (2 yrs)
- Earn a certificate (less than 2 yrs)
- Earn credits for transfer
- Courses for personal enrichment
- Courses to: 1) get a new/better job, or
2) improve skills for a current job

Official THEA or alternative test scores or proof of exemption must be provided prior to enrolling in college level courses. Scores are not required for enrollment in a THEA-waived certificate program. Completion of this application serves as authorization for Ranger College to access your scores.

19. Have you taken the official THEA (formerly TASP) or an approved alternative test?

- Yes
- No
- Exempt*

Which Test?

- THEA
- Asset
- Compass
- Accuplacer

Test date : _____

(Official scores must be provided)

*Exemption based on:

- TAKS: date _____
- ACT: date _____
- SAT: date _____
- Other: date _____ (All official scores must be provided)

20. List ALL colleges and/or universities in which you were previously enrolled, beginning with the most recent, and including any previous attendance at Ranger College as well as any High School Dual Credit. Failure to disclose colleges may result in non-admission or dismissal if enrolled. Use back of page if more room is needed.

Institution Name

City, State

Dates of Attendance

Use back of page if more room is needed. →

21. I understand that I must furnish a current, official transcript from EACH college and/or high school attended to the Admissions Office at Ranger College. High school transcripts must have a date of graduation included.

(Initial here) _____

22. Date of High School Graduation (MM/DD/YYYY). _____

If you did not graduate, do you have an equivalency diploma (GED)?

- Yes _____
 - No
- Date of Issue (MM/DD/YYYY)

23. Will you be a High School student during this enrollment?

- Yes
- No

If yes, please write INTENDED date of graduation for question #22. High School and parental permission required.

Name of High School _____

RULES REQUIRED BY SB 1231* RELATED TO LIMITING DROPPED COURSES

**Senate Bill 1231 was enacted by the Texas State Legislature during the 80th Legislative Session.*

Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education,” while classified as an undergraduate. Courses dropped at a private or out-of-state institution are excluded. This statute was enacted by the State of Texas in Spring 2007 and applies to undergraduate students who enroll in a Texas public institution of higher education as first-time freshmen in Fall 2007 or later. Any college level course that a student drops is counted toward the six-course limit if “(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student’s transcript indicates or will indicate that the student was enrolled in the course; and (3) the student is not dropping the course in order to withdraw from the institution.” Some exemptions for good cause could allow a student to drop a course without having it counted toward this limit, but it is the responsibility of the student to establish that good cause.

Contact the Dean of Instruction’s office for more information before you drop a course.

IMPORTANT INFORMATION ABOUT BACTERIAL MENINGITIS

This information is being provided to all new college students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast-so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

WHAT ARE THE SYMPTOMS?

High fever	Severe headache	Rash or purple patches on skin	Vomiting	Light sensitivity
Stiff neck	Nausea	Confusion and sleepiness	Lethargy	Seizures

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body. The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

HOW IS BACTERIAL MENINGITIS DIAGNOSED?

Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests. Early diagnosis and treatment can greatly improve the likelihood of recovery.

HOW IS THE DISEASE TRANSMITTED?

The disease is transmitted when people exchange saliva (such as by kissing or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

HOW DO YOU INCREASE YOUR RISK OF GETTING BACTERIAL MENINGITIS?

Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
Living in close conditions (such as sharing a room/suite in a dorm or group home).

WHAT ARE THE POSSIBLE CONSEQUENCES OF THE DISEASE?

Death (in 8 to 24 hours from perfectly well to dead)	Limb damage (fingers, toes, arms, legs) that requires amputation			
Permanent brain damage	Kidney failure	Gangrene	Learning disability	Coma
Hearing loss	Blindness	Convulsions		

CAN THE DISEASE BE TREATED?

Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.

Vaccinations are available and should be considered for those living in close quarters and college students 25 years old or younger. Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).

Vaccinations take 7-10 days to become effective, with protection lasting 3-5 years.

The cost of vaccine varies, so check with your health care provider.

Vaccination is very safe-most common side effects are redness and minor pain at injection site for up to two days.

Contact your health care provider for vaccinations.

HOW CAN I FIND OUT MORE INFORMATION?

Contact your own health care provider, your local or regional Texas Department of Health, or www.cdc.gov/ncidod/dbmd/diseaseinfo or www.acha.org.
