Edition No. 030

Getting to know...Roger Jones

Job Title: Professor of English

When did you start working at Ranger College? August 1991

Where did you grow up? Chatham, New Jersey

Where can we find you on a Friday night? Relaxing with my wife Sue at our home in Dallas.

What is the last book you read? Evil by Lance Morrow.

Guilty Pleasure: Talking to my rescue pug Hayes while massaging him between his ears.

Favorite Ranger College moment: When I was honored by the college for publishing my revised dissertation on Texas author Larry McMurtry.

Kudos – It Takes a Village

Faculty members, administrators, and their families came together last week to prep the Ranger College Brown Campus for the upcoming semester. Ashleigh Medina, Vicki Calfa, Dr. Gayla McLaughlin, Stacey Tennison, Dr. Matt Underwood, and Dayna Prochaska, and their families took time last weekend to make the campus welcoming for their Ranger students.

Weekly Ranger Athletics Recap

Coach Nicole Smith's Ranger volleyball team capped off a great second week of the 2022 season with a win over Seminole State College on Saturday afternoon. The match-up was part of the annual Ranger/Cisco Tournament held at Ranger and Cisco College. Despite a rough start to the season, the Lady Rangers finished the week winning 4 of their 5 games this week.

Coach Smith's team looks to remain hot as they take on Western Texas College Tuesday in Snyder, Texas before heading to Nebraska for the McCook Invitational.

More Than Just Books by Golemon Library Assistant, Mrs. Helen Cozart

Welcome back everyone! It is so great to be here this year! Our *Not just books* column every week will offer tips and ideas for how to get the most out of your library. First up is our new Canvas course. It is a general enrollment class so it will appear for all the students. Module One is live right now with mini classes in accessing campus accounts, looking up books, using TexShare, doing Boolean searches, and using the databases.

[What to do this weekend:](#) There is always something great to do in the surrounding area, if you just know where to look. The library is that place! This weekend is the [North Texas Fair and Rodeo](#) at Denton August 19 – 27. Check out [the site](#) for even more.

Don't forget about our [International Year](#). To increase cultural awareness, Golemon Library has developed a plan to introduce a variety of places in the world to our College family. Using important cultural events, we will visit a different place every two weeks, through its festivals, art, and literature. Please explore the calendar, considering how you might incorporate conversations about these people and places into your curriculum.

Dates for displays
