Study Time with the All Ranger Team (START)

On Friday morning, students on the Ranger campus received tutoring provided by faculty, staff, coaches, and administrators in the Golemon Library. Students were able to ask for assistance in math and science along with other subjects. Additionally, students were aided by professionals proofreading their writing assignments.

Kudos

Thank you all for your diligent efforts in making our 2022 SACSCOC Reaffirmation a success! The on-site team was very complimentary of all the RC employees and students they encountered. Although we won't receive the official results for a couple of weeks, they shared the preliminary news, and it was good. Our QEP had zero recommendations which is a huge accomplishment! Dean Lance Hawvermale and his committee did great work!

The on-site team did find two areas of non-compliance that still need a little work, but they are both easy fixes. I anticipate RC will be in full compliance by Thanksgiving.

Thanks again for making this important event a success!

Weekly Ranger Athletics Recap

The coach TJ Cox era has begun at Ranger College. The Ranger College Men's Basketball team was on full display Saturday afternoon in Ft. Worth. The Rangers played four games on the day surrounded by dozens and dozens of college scouts. Coach Cox's team did not disappoint as they went 3-1 on the day. Wowing the audience with high flying dunks, long-range shooting, and tenacious defense the Rangers looked to be in top form heading into the season opener in a couple of weeks. The team will have some more exhibition scrimmage games before the season tips off on Tuesday November 1st at Ron Butler gymnasium on the Ranger campus.

More Than Just Books by Golemon Library Assistant, Mrs. Helen Cozart

Entries have already started to come in for our [Short Scary Story Contest](#). Jon has added to the prizes, so encourage your students to make submissions.

October 11th is the opening of our exhibit "[Hidden Histories of the Transcontinental Railroad](#)." Stop by the library and sign our visitor book while you view the exhibit.

It took a little longer to run out of Chromebooks than calculators, but we are out. If there are still students who need them, we can't help this semester, but we would like to know how many more we could have used so we can look at options for future semesters. Let us know if you hear anything.

[What to do this weekend:](#) It's [Bonnie and Clyde Days](#) in Pilot Point, where the 1967 Faye Dunaway and Warren Beatty film was made. The town was chosen because of its outlaw past. Come feel like an outlaw for an afternoon.

As part of our [International Year](#), this week we are celebrating Malawi. Right now, they are having their annual [Lake of Stars](#) music and art festival. It is a "A unique, immersive adventure through curated music, talks, poetry, theatre, film and wellness activities from Malawi and across the globe." Stop by the library to learn more.
